Why do you want to be a CIT at camp?

What does leadership mean to you? Please give one or two examples of experiences that have informed your understanding of leadership.

What are your strengths as a leader? What things do you feel still need to learn/work on in order to become a better leader?

What special skills do you think you bring to the Camp Leo program?

If you are selected as a CIT, do you have any prior commitments that interfere with:

Elementary Camp: July 17-20, 2022	Yes _____	No _____
Family Camp: September 30-October 1, 2022	Yes _____	No _____

CITs will be selected based upon their application and the needs of Camp Leo. Although we would love to have room for everyone to join us at camp, the limited availability of positions makes the program competitive. We make staffing decisions based on the skills we see revealed and developed during the Leadership Weekend, our past interactions with you at camp, as well as this application. We would like to remind you that your participation at this event does not guarantee you a position at camp, ***nor does having been an CIT at camp in the past mean that you will be one this year.*** Thank you in advance for the time and commitment to volunteer for Camp Leo. You will be hearing from us within the next month regarding Camp Leo's 2022 Sessions.
